7 Reasons to Attend:

1 The moment for green jobs is now!
All ingredients are here to facilitate your career shift to getting a green job!

- A recovering economy
- The Biden Administration's Jobs Plan & incentives to boost the green economy
- Urgency to address current climate change trends.

2 Learn from recruiters about available positions and from those who have **landed or created green jobs** at all career levels.

3 Meet companies which are hiring, **nonprofit organizations** offering volunteer positions and helping with job searches, and **educators** offering green certifications.

4 Apply to green job opportunities from around the US. There will be opportunities for job seekers to meet with companies and organizations through a **"Meet and Greet" session** and arrange for private meetings with them.

5 Discover green certifications to develop your skills and increase the likeliness to be hired or promoted!

6 Access the 3-day Resilient Virginia 2021 conference when registering to our Green Jobs Forum & Career Fair. This conference usually draws over 300 participants and 40 exhibitors so it will be excellent for **growing your network!**

7 Benefit from a friendly price of only \$30 for job seekers (\$20 for students) for the entire 3-day conference.
